## EXPLANATORY NOTE

This Form 10-Q is a combined quarterly report being filed separately by two registrants: HD Supply Holdings, Inc. and HD Supply, Inc. Unless the context indicates otherwise, any reference in this report to “Holdings” refers to HD Supply Holdings, Inc., any reference to “HDS” refers to HD Supply, Inc., the indirect wholly-owned subsidiary of Holdings, and any references to “HD Supply,” the “Company,” “we,” “us” and “our” refer to HD Supply Holdings, Inc. together with its direct and indirect subsidiaries, including HDS. Each registrant hereto is filing on its own behalf all of the information contained in this quarterly report that relates to such registrant. Each registrant hereto is not filing any information that does not relate to such registrant, and therefore makes no representation as to any such information.

## FORWARD-LOOKING STATEMENTS AND INFORMATION

This quarterly report includes forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Some of the forward-looking statements can be identified by the use of forward-looking terms such as “believes,” “expects,” “may,” “will,” “should,” “could,” “seeks,” “intends,” “plans,” “estimates,” “anticipates” or other comparable terms. These forward-looking statements include all matters that are not historical facts. They appear in a number of places throughout this report and include statements regarding our intentions, beliefs or current expectations concerning, among other things, our results of operations, financial condition, liquidity, prospects, growth strategies and the industries in which we operate.

Forward-looking statements are subject to known and unknown risks and uncertainties, many of which may be beyond our control. We caution you that forward-looking statements are not guarantees of future performance and that our actual results of operations, financial condition and liquidity, and the development of the industries in which we operate may differ materially from those made in or suggested by the forward-looking statements contained in this report. In addition, even if our results of operations, financial condition and liquidity, and the development of the industries in which we operate are consistent with the forward-looking statements contained in this report, those results or developments may not be indicative of results or developments in subsequent periods. A number of important factors could cause actual results to differ materially from those contained in or implied by the forward-looking statements, including those factors discussed in Item 1A, Risk Factors in our annual report on Form 10-K for the fiscal year ended January 28, 2018 and those described from time to time in our other filings with the U.S. Securities and Exchange Commission (the “SEC”). Factors that could cause actual results to differ from those reflected in forward-looking statements relating to our operations, financial condition and liquidity, and the development of industries in which we operate include:

- inherent risks of the maintenance, repair and operations market, and the non-residential and residential construction markets;
- our ability to maintain profitability;
- our ability to service our debt and to refinance all or a portion of our indebtedness;
- limitations and restrictions in the agreements governing our indebtedness;
- the competitive environment in which we operate and demand for our products and services in highly competitive and fragmented industries;
- the loss of any of our significant customers;
- competitive pricing pressure from our customers;
- our ability to identify and acquire suitable acquisition candidates on favorable terms;
- cyclical and seasonality of the maintenance, repair and operations market and the non-residential and residential construction markets;

[Table of Contents](#)

- our ability to identify and develop relationships with a sufficient number of qualified suppliers to maintain our supply chains;
- our ability to manage fixed costs;
- the development of alternatives to distributors in the supply chain;
- our ability to manage our working capital through product purchasing and customer credit policies;
- interruptions in the proper functioning of our information technology, or “IT” systems, including from cybersecurity threats;
- potential material liabilities under our self-insured programs;
- our ability to attract, train and retain highly-qualified associates and key personnel;
- new and/or proposed trade policies could make sourcing product from foreign countries more difficult and more costly;
- limitations on our income tax net operating loss carryforwards in the event of an ownership change; and
- our ability to identify and integrate new products.

You should read this report completely and with the understanding that actual future results may be materially different from expectations. All forward-looking statements made in this report are qualified by these cautionary statements. These forward-looking statements are made only as of the date of this report and we do not undertake any obligation, other than as may be required by law, to update or revise any forward-looking statements to reflect changes in assumptions, the occurrence of unanticipated events, changes in future operating results over time or otherwise. Comparisons of results for current and any prior periods are not intended to express any future trends or indications of future performance, unless expressed as such, and should only be viewed as historical data.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**(Unaudited)**

**NOTE 1 — NATURE OF BUSINESS AND BASIS OF PRESENTATION**

***Nature of Business***

HD Supply Holdings, Inc. (“Holdings”) indirectly owns all of the outstanding common stock of HD Supply, Inc. (“HDS”).

Holdings, together with its direct and indirect subsidiaries, including HDS (“HD Supply” or the “Company”), is one of the largest industrial distribution companies in North America. The Company specializes in two distinct market sectors: Maintenance, Repair & Operations and Specialty Construction. Through approximately 270 branches and 44 distribution centers in the U.S. and Canada, the Company serves these markets with an integrated go-to-market strategy. HD Supply has approximately 11,000 associates delivering localized, customer-tailored products, services and expertise. The Company serves approximately 500,000 customers, which include contractors, maintenance professionals, industrial businesses, and government entities. HD Supply’s broad range of end-to-end product lines and services includes approximately 650,000 stock-keeping units (“SKUs”) of quality, name-brand and proprietary-brand products as well as value-add services supporting the entire life-cycle of a project from construction to maintenance, repair and operations.

HD Supply is managed primarily on a product line basis and reports results of operations in two reportable segments. The reportable segments are Facilities Maintenance and Construction & Industrial. In addition, the consolidated financial statements include Corporate and Eliminations, which is comprised of enterprise-wide functional departments.

***Basis of Presentation***

In management’s opinion, the unaudited financial information for the interim periods presented includes all adjustments necessary for a fair statement of the results of operations, financial position, and cash flows. All adjustments are of a normal recurring nature unless otherwise disclosed. Revenues, expenses, assets and liabilities can vary during each quarter of the year. Therefore, the results and trends in these interim financial statements may not be the same as those for the full year. For a more complete discussion of the Company’s significant accounting policies and other information, you should read this report in conjunction with the Company’s annual report on Form 10-K for the year ended January 28, 2018, which includes all disclosures required by generally accepted accounting principles in the United States of America (“GAAP”).

***Fiscal Year***

HD Supply’s fiscal year is a 52- or 53-week period ending on the Sunday nearest to January 31. The fiscal year ending February 3, 2019 (“fiscal 2018”) includes 53 weeks and the fiscal year ending January 29, 2018 (“fiscal 2017”) includes 52 weeks. The three months ended July 29, 2018 (“second quarter 2018”) and July 30, 2017 (“second quarter 2017”) both include 13 weeks. The six months ended July 29, 2018 and July 30, 2017 both include 26 weeks.

***Principles of Consolidation***

The consolidated financial statements of Holdings present the results of operations, financial position and cash flows of Holdings and its wholly-owned subsidiaries, including HDS. The consolidated financial statements of HDS present the results of operations, financial position and cash flows of HDS and its wholly-owned subsidiaries. All material intercompany balances and transactions are eliminated. Results of operations of businesses acquired are included from their respective dates of acquisition. The results of operations of all discontinued operations have been separately reported as discontinued operations for all periods presented.

***Estimates***

Management has made a number of estimates and assumptions relating to the reporting of assets and liabilities, the disclosure of contingent assets and liabilities, and reported amounts of revenues and expenses in preparing these consolidated financial statements in conformity with GAAP. Actual results could differ from these estimates.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**(Unaudited)**

***Self-Insurance***

HD Supply has a high-deductible insurance program for most losses related to general liability, product liability, environmental liability, automobile liability, workers' compensation, and is self-insured for certain legal claims and medical claims, while maintaining per employee stop-loss coverage. The expected ultimate cost for claims incurred as of the balance sheet date is not discounted and is recognized as a liability. Self-insurance losses for claims filed and claims incurred but not reported are accrued based upon estimates of the aggregate liability for uninsured claims using loss development factors and actuarial assumptions followed in the insurance industry and historical loss development experience. At July 29, 2018 and January 28, 2018, self-insurance reserves totaled approximately \$56 million and \$51 million, respectively.

**NOTE 2 — ACQUISITION**

HD Supply enters into strategic acquisitions to expand into new markets, new platforms, and new geographies in an effort to better service existing customers and attract new ones. In accordance with the acquisition method of accounting under Accounting Standards Codification ("ASC") 805, "Business Combinations" ("ASC 805"), the results of acquisitions completed by HD Supply are reflected in the Company's consolidated financial statements from the date of acquisition forward.

On March 5, 2018, the Company completed the acquisition of A.H. Harris Construction Supply ("A.H. Harris") for a purchase price of approximately \$362 million, net of cash acquired and subject to a final working capital adjustment. A.H. Harris is a leading specialty construction distributor serving the northeast and mid-Atlantic regions. This acquisition expands Construction & Industrial's market presence in the northeastern United States.

In accordance with ASC 805, the Company provisionally recorded the following assets and liabilities at fair value as of the date of the A.H. Harris acquisition: \$185 million in goodwill, \$123 million in definite-lived intangible assets, \$13 million in property & equipment, \$57 million in net working capital, and \$17 million in deferred tax liabilities. The total amount of goodwill expected to be deductible for tax purposes is \$19 million. The definite-lived intangible assets are comprised of \$110 million in customer relationships and \$13 million of trade names that will be amortized over a period of 12 years and 5 years, respectively.

From March 5, 2018 to July 29, 2018, A.H. Harris generated approximately \$164 million in Net sales. During second quarter 2018 and the first six months of fiscal 2018, the Company incurred approximately \$1 million and \$3 million of costs, respectively, related to the acquisition and integration of A.H. Harris. The Company expects to incur a total of \$8 million to \$10 million of acquisition and integration costs during fiscal 2018.

**NOTE 3 — DISCONTINUED OPERATIONS**

In August 2017, the Company completed the sale of its Waterworks business. In accordance with ASC 205-20, "Discontinued Operations" and Accounting Standards Update ("ASU") 2014-08, "Reporting discontinued operations and disclosure of disposals of components of an entity," the results of Waterworks are classified as a discontinued operation. The presentation of discontinued operations includes revenues and expenses of the discontinued operations and gain/loss on the disposition of businesses, net of tax, as one line item on the Consolidated Statements of Operations and Comprehensive Income. All Consolidated Statements of Operations and Comprehensive Income presented have been revised to reflect this presentation.

In connection with presenting the Waterworks business unit as a discontinued operation in the second quarter of fiscal 2017, a net deferred tax asset of \$323 million and corresponding income tax benefit for the difference in the Company's stock basis versus its book carrying value of the Waterworks subsidiary was recorded in the second quarter of fiscal 2017. Upon recording the gain on the sale of Waterworks in the third quarter of fiscal 2017, the Company recognized a tax expense in discontinued operations, which included \$323 million related to utilizing the deferred tax asset originally recorded in the second quarter of fiscal 2017.

**Senior Credit Facilities**

**Senior ABL Facility**

HDS's Senior Asset Based Lending Facility due 2022 (the "Senior ABL Facility") provides for senior secured revolving loans and letters of credit of up to a maximum aggregate principal amount of \$1,000 million (subject to availability under a borrowing base). Extensions of credit under the Senior ABL Facility are limited by a borrowing base calculated periodically based on specified percentages of the value of eligible inventory and eligible accounts receivable, subject to certain reserves and other adjustments. A portion of the Senior ABL Facility is available for letters of credit and swingline loans. As of July 29, 2018, HDS had \$924 million of Excess Availability (as defined in the agreement) under the Senior ABL Facility (after giving effect to the borrowing base limitations and approximately \$27 million in letters of credit issued and including \$134 million of borrowings available on qualifying cash balances). As of July 29, 2018, all outstanding borrowings on the Senior ABL Facility are Canadian borrowings.

At HDS's option, the interest rates applicable to the loans under the Senior ABL Facility are based (i) in the case of U.S. dollar-denominated loans, either at London Interbank Offered Rate ("LIBOR") plus an applicable margin, or Prime Rate plus an applicable margin and (ii) in the case of Canadian dollar-denominated loans, either the banker's acceptance ("BA") rate plus an applicable margin, or the Canadian Prime Rate plus an applicable margin. The margins applicable for each elected interest rate are subject to a pricing grid, as defined in the agreement governing the Senior ABL Facility, based on average excess availability for the previous fiscal quarter. The Senior ABL Facility also contains a letter of credit fee computed at a rate per annum equal to the Applicable Margin (as defined in the Senior ABL Facility agreement) then in effect for LIBOR Loans and an unused commitment fee subject to a pricing grid, included in the agreement governing the Senior ABL Facility, based on Excess Availability.

The Senior ABL Facility also permits HDS to add one or more incremental term loan facilities to be included in the Senior ABL Facility or one or more revolving credit facility commitments to be included in the Senior ABL Facility.

Per the Third Amendment to the credit agreement governing the existing Senior ABL Facility, the Senior ABL Facility will mature on April 5, 2022 (the stated "Maturity Date") or 60 days before the maturity date of any outstanding principal balance that is greater than or equal to \$250 million ("Material Indebtedness") unless, before such date, the Material Indebtedness has been (a) refinanced to extend the maturity date at least 60 days after the stated Maturity Date, (b) adequately reserved for by the Administrative Agent, (c) cash collateralized pursuant to arrangements reasonably acceptable to the Administrative Agent, or (d) any combination of the above actions or items.

**Senior Term Loan Facility**

HDS's Senior Term Facility ("the Senior Term Facility") consists of a senior secured term loan facility (the "Term Loan Facility," and the term loans thereunder, the "Term Loans") providing for Term Loans in an original aggregate principal amount of \$1,081 million. The tranche of term loans in an original aggregate principal amount of \$535 million (the "Term B-3 Loans") will mature on August 13, 2021. The tranche of term loans in an original aggregate principal amount of \$546 million (the "Term B-4 Loans") will mature on October 17, 2023. Both the Term B-3 Loans and the Term B-4 Loans amortize in equal quarterly installments in aggregate annual amounts equal to 1.00% of the original principal amount of the Term Loans with the balances payable on their respective maturity dates. The Term B-3 Loans bear interest at the applicable margin for borrowings of 2.25% for LIBOR borrowings and 1.25% for base rate borrowings. The Term B-4 Loans bear interest at the applicable margin for borrowings of 2.50% for LIBOR borrowings and 1.50% for base rate borrowings.

For additional information on our Senior ABL Facility or Senior Term Facility (collectively, the "Senior Credit Facilities"), including guarantees and security, please refer to the Notes to the Consolidated Financial Statements of our Form 10-K for the fiscal year ended January 28, 2018.

**Unsecured Notes**

**5.75% Senior Unsecured Notes due 2024**

HDS's 5.75% Senior Unsecured Notes due 2024 (the "April 2016 Senior Unsecured Notes") bear interest at a rate of 5.75% until April 15, 2019 and 7.00% per annum from April 15, 2019 until maturity on April 15, 2024. Interest is paid semi-annually on April 15<sup>th</sup> and October 15<sup>th</sup> of each year.

*Redemption*

HDS may redeem the April 2016 Senior Unsecured Notes, in whole or in part, at any time (1) prior to April 15, 2019, at a price equal to 100% of the principal amount thereof, plus accrued and unpaid interest, if any, to the redemption date, plus the applicable make-whole premium set forth in the April 2016 Senior Unsecured Notes indenture and (2) on and after April 15, 2019, at the applicable redemption price set forth below (expressed as a percentage of principal amount), plus accrued and unpaid interest, if any, to the relevant redemption date, if redeemed during the 12-month period commencing on April 15 of the year set forth below.

<b>Year</b>	<b>Percentage</b>
2019	104.313%
2020	102.875%
2021	101.438%
2022 and thereafter	100.000%

In addition, at any time prior to April 15, 2019, HDS may redeem on one or more occasions up to 40% of the aggregate principal amount of the April 2016 Senior Unsecured Notes with the proceeds of certain equity offerings at a redemption price of 105.75% of the principal amount in respect of the April 2016 Senior Unsecured Notes being redeemed, plus accrued and unpaid interest to the redemption date, provided, however, that if the April 2016 Senior Unsecured Notes are redeemed, an aggregate principal amount of April 2016 Senior Unsecured Notes equal to at least 50% of the original aggregate principal amount of April 2016 Senior Unsecured Notes must remain outstanding immediately after each such redemption of April 2016 Senior Unsecured Notes.

For additional information on the April 2016 Senior Unsecured Notes, including guarantees and security, please refer to the Notes to the Consolidated Financial Statements of our Form 10-K for the fiscal year ended January 28, 2018.

**Debt covenants**

HDS's outstanding debt agreements contain various restrictive covenants including, but not limited to, limitations on the incurrence of additional indebtedness and dividend payments and restrictions on the use of proceeds from asset dispositions. As of July 29, 2018, HDS was in compliance with all such covenants that were in effect on such date.

**NOTE 5 — FAIR VALUE MEASUREMENTS**

The fair value measurements and disclosure principles of GAAP (ASC 820, "Fair Value Measurements and Disclosures") define fair value, establish a framework for measuring fair value and provide disclosure requirements about fair value measurements. These principles define a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

Level 1 — Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 — Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, and inputs (other than quoted prices) that are observable for the asset or liability, either directly or indirectly;

Level 3 — Unobservable inputs in which little or no market activity exists.

The Company's financial instruments that are not reflected at fair value on the Consolidated Balance Sheets were as follows as of July 29, 2018 and January 28, 2018 (amounts in millions):

	As of July 29, 2018		As of January 28, 2018	
	Recorded Amount(1)	Estimated Fair Value	Recorded Amount(1)	Estimated Fair Value
Senior ABL Facility	\$ 49	\$ 49	\$ 58	\$ 57
Term Loans and Notes	2,073	2,133	2,078	2,158
Total	<u>\$ 2,122</u>	<u>\$ 2,182</u>	<u>\$ 2,136</u>	<u>\$ 2,215</u>

(1) These amounts do not include accrued interest; accrued interest is classified as Other current liabilities in the accompanying Consolidated Balance Sheets. These amounts do not include any related discounts, premiums, or deferred financing costs.

The Company utilized Level 2 inputs, as defined in the fair value hierarchy, to measure the fair value of the long-term debt. Management's fair value estimates were based on quoted prices for recent trades of HDS's long-term debt, recent similar credit facilities initiated by companies with like credit quality in similar industries, quoted prices for similar instruments, and inquiries with certain investment communities.

#### NOTE 6 — INCOME TAXES

For the six months ended July 29, 2018, the Company's combined federal, state, and foreign effective tax rate for continuing operations was 25.5%. The effective rate for continuing operations for the six months ended July 30, 2017 was 33.2%.

On December 22, 2017, the Tax Cuts and Jobs Act of 2017 (the "Tax Act") was signed into law making significant changes to the Internal Revenue Code. The Tax Act lowered the Company's federal statutory rate from 35% to 21%. The Company's effective tax rate will vary based on a variety of factors, including overall profitability, the geographical mix of income before taxes and the related tax rates in the jurisdictions where it operates, restructuring and other one-time charges, as well as discrete events, such as settlements of future audits.

As of July 29, 2018 and January 28, 2018, the Company's unrecognized tax benefits in accordance with the income taxes principles of GAAP (ASC 740, "Income Taxes") were \$16 million. The Company's ending net accrual for interest and penalties related to unrecognized tax benefits as of July 29, 2018 and January 28, 2018 was zero. As of July 29, 2018 and January 28, 2018, the Company's valuation allowance on its U.S. deferred tax assets was approximately \$7 million. Each reporting period, the Company assesses available positive and negative evidence and estimates if sufficient future taxable income will be generated to utilize the existing deferred tax assets.

As of July 29, 2018, the Company has completed its evaluation of its indefinite reinvestment assertion as a result of the Tax Act and has asserted that its Canadian earnings are permanently reinvested until such time that the Canadian borrowings under the Senior ABL Facility, which was initially drawn on during fiscal 2016, are paid off. No provision for U.S. federal and state income taxes or foreign withholding taxes has been made in the Company's current year consolidated financial statements for those non-U.S. subsidiaries whose earnings are considered to be permanently reinvested.

(1) This amount represents the Company's sales return estimate as of July 29, 2018 classified as a Current liability within the Consolidated Balance Sheet as required per ASC 606, Revenue from Contracts with Customers. The sales return estimate as of January 28, 2018 was approximately \$12 million and was classified within Net receivables within the Consolidated Balance Sheet.

**Supplemental Cash Flow Information**

Cash paid for interest in the six months ended July 29, 2018 and July 30, 2017 was \$61 million and \$92 million, respectively. During the six months ended July 30, 2017, the Company paid \$4 million of original issue discounts related to the extinguishment of debt.

Cash paid for income taxes, net of refunds, in the six months ended July 29, 2018 and July 30, 2017 was approximately \$5 million and \$10 million, respectively.

**(Unaudited)**

During the six months ended July 29, 2018, HDS executed a cash equity distribution of \$94 million to Holdings, via HDS's direct parent, HDS Holding Corporation. The equity distribution from HDS and return of capital recognized by Holdings were eliminated in consolidation of Holdings and its wholly-owned subsidiaries, including HDS.

On August 25, 2017, Holdings' Board of Directors authorized the Company to enter into a share repurchase program for the repurchase of up to an aggregate amount of \$500 million of Holdings' common stock. During the six months ended July 29, 2018, under this plan, Holdings repurchased 2,298,643 shares of its common stock for approximately \$88 million.

In combination with the 2014 authorized share repurchase plan (utilizing proceeds from employee stock option exercises), Holdings repurchased a total of 2,426,141 shares of its common stock during the six months ended July 29, 2018 for approximately \$93 million.

**Significant Non-Cash Transactions**

*Build-to-Suit Lease*

In February 2016, the Company entered into a build-to-suit arrangement for a leadership development and headquarters facility in Atlanta, Georgia, which began construction in 2016. In accordance with ASC 840, "Leases," for build-to-suit arrangements where the Company is involved in the construction of structural improvements prior to the commencement of the lease or takes some level of construction risk, the Company is considered the owner of the assets and land during the construction period. Accordingly, during construction activities, the Company recorded a Construction in progress asset within Property and equipment and a corresponding financing liability on the Consolidated Balance Sheet for construction costs incurred by the landlord.

The lease commenced in February 2018, with the leased asset and corresponding financing liability valued at \$87 million each. In accordance with the sale and leaseback criteria of GAAP, the build-to-suit arrangement and subsequent lease failed to qualify as a sale. Therefore, the transaction is accounted for as a financing arrangement, whereby both the leased asset and the financing liability remain on the Company's Consolidated Balance Sheet. The asset is depreciated as if the Company is the legal owner and rental payments are allocated between interest expense and principal repayment of the financing liability.

In April 2018, the Company exercised its option to purchase the leased asset in February 2019 for \$87 million. As a result, the financing liability is classified as a Current liability within the Consolidated Balance Sheet.

**NOTE 9—RESTRUCTURING ACTIVITIES**

*Fiscal 2017 Plan*

As a result of the sale of the Waterworks business in fiscal 2017, management evaluated the Company's alignment and functional support strategies. During fiscal 2017, the Company initiated a restructuring plan that included reducing workforce personnel, realigning talent, and closing a Construction & Industrial branch. In addition, the Company relocated its headquarters in first quarter 2018. During the three and six months ended July 29, 2018, the Company recognized \$2 million and \$9 million, respectively, of restructuring charges, primarily related to property lease obligations upon exiting the Company's previous headquarters location, and, to a lesser extent, severance and other employee-related costs.

During fiscal 2017, the Company recognized \$6 million of restructuring charges under this plan. Activities under this plan were completed in the second quarter of fiscal 2018 and no further charges are expected under this plan. The Company expects a payback of the employee-related costs via a reduction in personnel costs over the next one to two years. The Company is actively pursuing buyout options and subleasing opportunities for the Company's previous headquarters location prior to its lease expiration in October 2020.

Payments for severance and employee-related costs incurred under this plan are expected to be substantially complete by the end of fiscal 2018. Payments related to the property lease obligations of the Company's previous

#### NOTE 10 — COMMITMENTS AND CONTINGENCIES

##### Legal Matters

On July 10, 2017 and August 8, 2017, shareholders filed putative class action complaints in the U.S. District Court for the Northern District of Georgia, alleging that HD Supply and certain senior members of its management (collectively, the “defendants”) made certain false or misleading public statements in violation of the federal securities laws between November 9, 2016 and June 5, 2017, inclusive (the “original securities complaints”). Subsequently, the two securities cases were consolidated, and, on November 16, 2017, the lead plaintiffs appointed by the Court filed a Consolidated Amended Class Action Complaint (the “Amended Complaint”) against the defendants on behalf of all persons other than defendants who purchased or otherwise acquired the Company’s common stock between November 9, 2016 and June 5, 2017, inclusive. The Amended Complaint alleges that defendants made certain false or misleading public statements, primarily relating to the Company’s progress in addressing certain supply chain disruption issues encountered in the Company’s Facilities Maintenance business unit. The Amended Complaint asserts claims against the defendants under Sections 10(b) and 20(a) of the Securities Exchange Act of 1934 and SEC Rule 10b-5, and seeks class certification under the Federal Rules of Civil Procedure, as well as unspecified monetary damages, pre-judgment and post-judgment interest, and attorneys’ fees and other costs. Defendants moved to dismiss the Consolidated Amended Complaint in December 2017. That motion is pending.

On August 8, 2017, two shareholder derivative complaints were filed naming the Company as a “nominal defendant” and certain members of its senior management and board of directors (collectively, the “individual defendants”) as defendants. The complaints generally allege that the individual defendants caused the Company to issue false and misleading statements concerning the Company’s business, operations, and financial prospects, including misrepresentations regarding operating leverage and supply chain corrective actions. The complaints assert claims against the individual defendants under Section 14(a) of the Securities Exchange Act of 1934, and allege breaches of fiduciary duties, unjust enrichment, corporate waste, and insider selling. The complaints assert a claim to recover any damages sustained by the Company as a result of the individual defendants’ allegedly wrongful actions, seek certain actions by the Company to modify its corporate governance and internal procedures, and seek to recover attorneys’ fees and other costs. In October 2017, the Court consolidated the two derivative actions and granted the parties’ joint scheduling order request. On December 5, 2017, the Court entered an order staying all activity in the case until a ruling is issued on the motion to dismiss filed in the consolidated securities litigation described above.

On August 29, 2018, a shareholder derivative complaint was filed in Delaware Chancery Court naming the Company as a “nominal defendant” and certain members of its senior management and board of directors (collectively, the “individual defendants”) as defendants. The complaint generally alleges that the individual defendants caused the Company to issue false and misleading statements concerning the Company’s business, operations, and financial prospects, including misrepresentations regarding supply chain corrective actions. The complaint asserts various common law breach of fiduciary duty claims against the individual defendants and claims of unjust enrichment and insider selling. The complaint seeks to recover any damages sustained by the Company as a result of the individual defendants’ allegedly wrongful actions, seeks certain actions by the Company to modify its corporate governance and internal procedures, and seeks to recover attorneys’ fees and other costs.

The Company intends to defend these lawsuits vigorously. Given the stage of the complaints and the claims and issues presented in the above matters, the Company cannot reasonably estimate at this time the possible loss or range of loss, if any, that may arise from these unresolved lawsuits.

HD Supply is involved in various legal proceedings arising in the normal course of its business. The Company establishes reserves for litigation and similar matters when those matters present loss contingencies that it determines to be both probable and reasonably estimable in accordance with ASC 450, “Contingencies.” In the opinion of management, based on current knowledge, all reasonably estimable and probable matters are believed

**HD SUPPLY HOLDINGS, INC. AND SUBSIDIARIES**  
**HD SUPPLY, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**(Unaudited)**

to be adequately reserved for or covered by insurance and are not expected to have a material adverse effect on the Company's consolidated financial condition, results of operations or cash flows. For all other matters management believes the possibility of losses from such matters is not probable, the potential loss from such matters is not reasonably estimable, or such matters are of such kind or involve such amounts that would not have a material adverse effect on the consolidated financial position, results of operations or cash flows of the Company if disposed of unfavorably. For material matters that are reasonably possible and reasonably estimable, including matters that are probable and estimable but for which the amount that is reasonably possible is in excess of the amount that the Company has accrued for, management has estimated the aggregate range of potential loss as \$0 to \$10 million. If a material loss is probable or reasonably possible, and in either case estimable, the Company has considered it in the analysis and it is included in the discussion set forth above.

**NOTE 11 — SEGMENT INFORMATION**

HD Supply's operating segments are based on management structure and internal reporting. Each segment offers different products and services to the end customer, except for Corporate, which provides general corporate overhead support. The Company determines its reportable segments in accordance with the principles of segment reporting within ASC 280, "Segment Reporting." For purposes of evaluation under these segment reporting principles, the Chief Operating Decision Maker for HD Supply assesses HD Supply's ongoing performance, based on the periodic review and evaluation of Net sales, Adjusted EBITDA and certain other measures for each of the operating segments.

HD Supply has two reportable segments, each of which is presented below:

- *Facilities Maintenance*—Facilities Maintenance distributes maintenance, repair and operations products, provides value-add services and fabricates custom products to multifamily, hospitality, healthcare and institutional facilities.
- *Construction & Industrial*—Construction & Industrial distributes specialized hardware, tools, engineered materials and safety products to non-residential and residential contractors. Construction & Industrial also offers light remodeling and construction supplies, kitchen and bath cabinets, windows, plumbing materials, electrical equipment and other products, primarily to small remodeling contractors and trade professionals.

In addition to the reportable segments, the Company's consolidated financial results include Corporate. Corporate incurs costs related to the Company's centralized support functions, which are comprised of finance, information technology, human resources, legal, supply chain and other support services. All Corporate overhead costs are allocated to the reportable segments. Eliminations include the adjustments necessary to eliminate intercompany transactions.

The following tables present Net sales, Adjusted EBITDA, and other measures for both of the reportable segments and total continuing operations for the periods indicated (amounts in millions):

(1) Depreciation and amortization includes amounts recorded within Cost of sales in the Consolidated Statements of Operations.

(2) Represents the cost incurred in the acquisition and integration of A.H. Harris Construction Supplies.

(3) Represents the loss on extinguishment of debt including the write-off of unamortized deferred financing costs, original issue discount, and other assets or liabilities associated with such debt.

On March 5, 2018, the Company completed the acquisition of A.H. Harris for a purchase price of approximately \$362 million, net of cash acquired. The acquisition reduced total assets of the Corporate reportable segment by the purchase price and increased total assets of the Construction & Industrial reportable segment by approximately \$414 million.

**NOTE 12—SUBSIDIARY GUARANTORS**

HDS (the “Debt Issuer”) has outstanding April 2016 Senior Unsecured Notes, which are guaranteed by certain of its subsidiaries (the “Subsidiary Guarantors”). The Subsidiary Guarantors are direct or indirect wholly-owned domestic subsidiaries of HDS. The subsidiaries of HDS that do not guarantee the April 2016 Senior Unsecured Notes (the “Non-guarantor Subsidiaries”) are direct or indirect wholly-owned subsidiaries of HDS and primarily include HDS’s operations in Canada.

**HD SUPPLY HOLDINGS, INC. AND SUBSIDIARIES**  
**HD SUPPLY, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**(Unaudited)**

The Debt Issuer's payment obligations under the April 2016 Senior Unsecured Notes are jointly and severally guaranteed by the Subsidiary Guarantors and all guarantees are full and unconditional.

These guarantees are subject to release under the circumstances as described below:

- (i) concurrently with any direct or indirect sale or disposition (by merger or otherwise) of any Subsidiary Guarantor or any interest therein in accordance with the terms of the applicable indebtedness by HDS or a restricted subsidiary, following which such Subsidiary Guarantor is no longer a restricted subsidiary of HDS;
- (ii) at any time that such Subsidiary Guarantor is released from all of its obligations under all of its guarantees of payment of any indebtedness of HDS or any Subsidiary Guarantor under all other indebtedness and is not a borrower under the Senior ABL Facility;
- (iii) upon the merger or consolidation of any Subsidiary Guarantor with and into HDS or another Subsidiary Guarantor that is the surviving entity in such merger or consolidation, or upon the liquidation of such Subsidiary Guarantor following the transfer of all of its assets to HDS or another Subsidiary Guarantor;
- (iv) concurrently with any Subsidiary Guarantor becoming an unrestricted subsidiary;
- (v) during the period when the rating on the April 2016 Senior Unsecured Notes is changed to investment grade and certain covenants cease to apply while such investment grade rating is maintained, upon the merger or consolidation of any Subsidiary Guarantor with and into another subsidiary that is not a Subsidiary Guarantor with such other subsidiary being the surviving entity in such merger or consolidation, or upon liquidation of such Subsidiary Guarantor following the transfer of all of its assets to a subsidiary that is not a Subsidiary Guarantor;
- (vi) upon legal or covenant defeasance of HDS's obligations under the applicable indebtedness, or satisfaction and discharge of the indenture governing the applicable indebtedness; or
- (vii) subject to customary contingent reinstatement provisions, upon payment in full of the aggregate principal amount of all applicable indebtedness then outstanding and all other obligations guaranteed by a Subsidiary Guarantor then due and owing.

In addition, HDS has the right, upon 30 days' notice to the applicable trustee, to cause any Subsidiary Guarantor that has not guaranteed payment of any indebtedness of HDS or any Subsidiary Guarantor under all other indebtedness and is not a borrower under the Senior ABL Facility to be unconditionally released from all obligations under its Subsidiary Guarantee, and such Subsidiary Guarantee shall thereupon terminate and be discharged and of no further force or effect.

In connection with the issuance of the April 2016 Senior Unsecured Notes, HDS determined the need for compliance with Rule 3-10 of SEC Regulation S-X. In lieu of providing separate audited financial statements for the Guarantor Subsidiaries, HDS has included the accompanying Condensed Consolidating Financial Statements in accordance with Rule 3-10(f) of SEC Regulation S-X. The following supplemental financial information sets forth, on a consolidating basis under the equity method of accounting, the condensed statements of operations and comprehensive income (loss), the condensed balance sheets and the condensed cash flow statements for the Debt Issuer, for the Subsidiary Guarantors and the Non-guarantor Subsidiaries and total consolidated Debt Issuer and subsidiaries (amounts in millions).

**NOTE 13 — REVENUE**

The Company's revenues are earned from contracts with customers. Contracts include written agreements, as well as arrangements that are implied by customary practices or law.

The Company adopted the provisions of ASC 606, Revenue from Contracts with Customers, and related amendments ("ASC 606") using the modified retrospective method on January 29, 2018 (the first day of fiscal 2018). The Company concluded that most of its contracts with customers consist of a single performance obligation to transfer promised goods or services and therefore are not impacted by the adoption of ASC 606. The adoption of ASC 606 impacted the Company's method of recognizing certain installation income, which was generally recognized when the customer order was fully installed. ASC 606 requires installation income to be recognized as each performance obligation within a contract is completed. The Company's installation contracts are typically completed in less than 90 days. Due to the seasonal nature of the Company's installation business, recognized revenue could shift between quarters within the year. The adoption of ASC 606 did not have a material impact on the Company's financial position, results of operations or cash flows. As such, the Company did not make any adjustments to its financial position upon adoption.

**Nature of Products and Services**

Both Facilities Maintenance and Construction & Industrial serve unique end markets. Facilities Maintenance offers products that serve the maintenance, repair and operations ("MRO") end market as well as value-added services. Construction & Industrial offers products used broadly across both the residential and non-residential construction end markets as well as light remodeling supplies for small remodeling contractors and trade professionals. For additional information regarding the nature of products and services offered by the Company's reportable segments, see "Description of segments" within Item 2 of this report on Form 10-Q.

**Revenue Recognition**

The Company recognizes revenue, net of allowances for returns and discounts and any taxes collected from the customer, when an identified performance obligation is satisfied by the transfer of control of promised products or services to the customer. The Company ships products to customers by internal fleet and third-party carriers. Transfer of control to the customer for products generally occurs at the point of destination (i.e., upon transfer of title and risk of loss of product). Transfer of control to the customer for services occurs when the customer has the right to direct the use of and obtain substantially all the remaining benefits of the asset that is created or enhanced from the service. The Company accounts for shipping and handling costs associated with outbound freight as a fulfillment cost. Such costs are included in Selling, general and administrative expenses.

**Disaggregation of Revenue**

The Company elected to disaggregate the revenue of Facilities Maintenance by its demand types: MRO and Property Improvement, and Construction & Industrial by its end markets: Non-Residential Construction, Residential Construction, and Other. The Company believes this disaggregation appropriately meets the objective to depict how the nature, amount, timing, and uncertainty of revenue and cash flows are affected by economic factors.

**Contract Balances**

The timing of satisfaction of identified performance obligations may differ from the timing of invoicing to customers for certain installation contracts, which may result in the recognition of a contract asset or liability. The Company records a contract asset when it recognizes revenue prior to invoicing, or a contract liability when revenue is recognized subsequent to invoicing. Contract assets are reclassified as accounts receivable upon invoicing and contract liabilities are relieved upon recognition of revenue. As of July 29, 2018, the Company's contract assets and contract liabilities, which are included in Other Current Assets and Other Current Liabilities, respectively, within the Consolidated Balance Sheets, are not material.

Payment terms and conditions vary by contract type, although terms generally include a requirement for payment within 45 days. As such, in instances where the timing of revenue recognition differs from the timing of invoicing, the Company has concluded that its contracts with customers do not include a significant financing component because customer payments for goods and services are received in less than one year. All remaining performance obligations as of July 29, 2018 are not material.

**NOTE 14—RECENT ACCOUNTING PRONOUNCEMENTS**

**Recently Adopted Accounting Pronouncements**

*Stock Compensation* — In May 2017, the Financial Accounting Standards Board (“FASB”) issued ASU No. 2017-09, “Compensation — Stock Compensation (Topic 718): Scope of Modification Accounting” (“ASU 2017-09”). This update provides guidance about which changes to the terms or conditions of a share-based payment award require an entity to apply modification accounting in Topic 718. ASU 2017-09 is effective for annual and interim periods beginning after December 15, 2017. The amendments in this update are required to be applied prospectively to awards modified on or after the adoption date. The Company adopted this guidance on January 29, 2018 (the first day of fiscal 2018) with no impact to the Company's financial position, results of operations or cash flows.

*Business Combinations* — In January 2017, the FASB issued ASC No. 2017-01, “Business Combinations (Topic 805): Clarifying the Definition of a Business” (“ASU 2017-01”). This update clarifies the definition of a business with the objective of adding guidance to assist companies to evaluate whether transactions should be accounted for as acquisitions (or disposals) of assets or businesses. ASU 2017-01 is effective for annual and interim periods beginning after December 15, 2017. The amendments in this update are required to be applied prospectively with no required disclosure at the transition date. The Company adopted this guidance on January 29, 2018 (the first day of fiscal 2018) with no material impact to the Company's financial position, results of operations or cash flows.

*Statement of Cash Flows* — In November 2016, the FASB issued ASU No. 2016-18, “Statement of Cash Flows (Topic 230): Restricted Cash” (“ASU 2016-18”). The new guidance is intended to reduce diversity in practice by adding or clarifying guidance on classification and presentation of changes in restricted cash on the statement of cash flows. ASU 2016-18 is effective for annual and interim periods beginning after December 15, 2017. The amendments in this update are required to be applied retrospectively to all periods presented. The Company adopted this guidance retrospectively on January 29, 2018 (the first day of fiscal 2018) with no material impact on the Company’s financial position, results of operations or cash flows. On a prospective basis, ASU 2016-18 will only impact the Company’s financial position and cash flows to the extent it has restricted cash.

*Income Taxes* — In October 2016, the FASB issued ASU No. 2016-16, “Income Taxes (Topic 740): Intra-entity Transfers of Assets Other than Inventory” (“ASU 2016-16”). The new guidance is intended to improve the accounting for intra-entity transfers of assets other than inventory by requiring recognition of income tax consequences of intra-entity transfers of assets other than inventory when the transfer occurs. ASU 2016-16 is effective for annual and interim periods beginning after December 15, 2017. The amendments in this update were required to be applied on a modified retrospective basis through a cumulative-effect adjustment directly to retained earnings as of the beginning of the period of adoption. The Company adopted this guidance on January 29, 2018 (the first day of fiscal 2018) with no adjustment to retained earnings.

*Statement of Cash Flows* — In August 2016, the FASB issued ASU No. 2016-15, “Statement of Cash Flows (Topic 230): Clarification of Certain Cash Receipts and Cash Payments” (“ASU 2016-15”). The new guidance is intended to reduce diversity in practice related to certain cash receipts and payments in the statement of cash flows by adding or clarifying guidance on eight specific cash flow issues. ASU 2016-15 is effective for annual and interim periods beginning after December 15, 2017. The amendments in this update were required to be applied retrospectively to all periods presented, unless deemed impracticable, in which case, prospective application was permitted. The Company adopted this guidance retrospectively on January 29, 2018 (the first day of fiscal 2018) with no revision to prior periods.

*Revenue recognition* — In May 2014, the FASB issued ASU No. 2014-09, “Revenue from contracts with customers” (“ASU 2014-09”), amended by ASU 2016-10, “Revenue from contracts with customers (Topic 606): Identifying Performance Obligations and Licensing,” ASU 2016-12, “Revenue from contracts with customers (Topic 606): Narrow-Scope Improvements and Practical Expedients,” ASU 2016-20, “Technical Corrections and Improvements to Topic 606, Revenue from Contracts with Customers,” ASU 2017-13, “Revenue Recognition (Topic 605), Revenue from Contracts with Customers (Topic 606), Leases (Topic 840), and Leases (Topic 842),” and ASU 2017-14, “Income Statement-Reporting Comprehensive Income (Topic 220), Revenue Recognition (Topic 605), and Revenue from Contracts with Customers (Topic 606).” The amended guidance outlines a single comprehensive revenue model for entities to use in accounting for revenue arising from contracts with customers. The guidance supersedes most current revenue recognition guidance, including industry-specific guidance. The core principle of the revenue model is that “an entity recognizes revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.” The update requires significant additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in judgments. Entities have the option of using either a full retrospective or modified approach to adopt the guidance. In July 2015, the FASB provided a one-year delay in the effective date of ASU 2014-09, to be effective for annual reporting periods beginning after December 15, 2017, including interim periods within that reporting period, and a permission to early adopt for annual and interim periods beginning after December 15, 2016.

The Company adopted ASU 2014-09, as well as other clarifications and technical guidance issued by the FASB related to this new revenue standard on January 29, 2018 (the first day of fiscal 2018) using the modified retrospective method. See “Note 13, Revenue” for the Company’s revenue accounting policies and disclosures.

**Recently Issued Accounting Pronouncements Not Yet Adopted**

*Goodwill* — In January 2017, the FASB issued ASU No. 2017-04, “Intangibles — Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment” (“ASU 2017-04”). The new guidance eliminates the requirement to

calculate the implied fair value of goodwill to measure a goodwill impairment charge. Instead, entities will record an impairment charge based on the excess of a reporting unit's carrying amount over its fair value. The ASU is effective for annual and interim impairment tests performed in periods beginning after December 15, 2019. Early adoption is permitted for annual and interim goodwill impairment testing dates after January 1, 2017. The amendments in this update should be applied on a prospective basis. The adoption of ASU 2017-04 is not expected to have a material impact on the Company's financial position, results of operations or cash flows.

*Financial Instruments* — In June 2016, the FASB issued ASU No. 2016-13, "Financial Instruments — Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments" ("ASU 2016-13"). The amended guidance modifies the measurement of expected credit losses of certain financial instruments, including trade receivables. The amended guidance also prescribes additional disclosure requirements for certain financial instruments. ASU 2016-13 is effective for annual and interim periods beginning after December 15, 2019. Early adoption is permitted for annual and interim periods beginning after December 15, 2018. It is to be adopted using a modified retrospective approach. The Company is currently evaluating the impact of adopting ASU 2016-13.

*Leases* — In February 2016, the FASB issued ASU No. 2016-02, "Leases (Topic 842)" ("ASU 2016-02"), amended by ASU 2017-13, "Revenue Recognition (Topic 605), Revenue from Contracts with Customers (Topic 606), Leases (Topic 840), and Leases (Topic 842)," ASU 2018-01, "Leases (Topic 842)-Land Easement Practical Expedient for Transition to Topic 842," ASU 2018-10, "Codification Improvements to Topic 842, Leases," and ASU 2018-11, "Leases (Topic 842) — Targeted Improvements." The amended guidance requires companies to recognize all leases as assets and liabilities for the rights and obligations created by leased assets on the consolidated balance sheet. ASU 2016-02 is effective for annual and interim periods beginning after December 15, 2018. Early adoption is permitted. Prior to ASU 2018-11, a modified retrospective transition was required for financing or operating leases existing at or entered into after the beginning of the earliest comparative period presented in the financial statements. ASU 2018-11 allows entities an additional transition method to the existing requirements whereby an entity could adopt the provisions of ASU 2016-02 by recognizing a cumulative-effect adjustment to the opening balance of retained earnings in the period of adoption without adjustment to the financial statements for periods prior to adoption. The Company is currently evaluating the impact of adopting ASU 2016-02.

**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations****Overview**

This Management's Discussion and Analysis of Financial Condition and Results of Operations is combined for two registrants: HD Supply Holdings, Inc. and HD Supply, Inc. Unless the context indicates otherwise, any reference in this discussion and analysis to "Holdings" refers to HD Supply Holdings, Inc., any reference to "HDS" refers to HD Supply, Inc., the indirect wholly-owned subsidiary of Holdings, and any references to "HD Supply," the "Company," "we," "us" and "our" refer to Holdings together with its direct and indirect subsidiaries, including HDS.

HD Supply is one of the largest industrial distributors in North America. We believe we have leading positions in the two distinct market sectors in which we specialize: Maintenance, Repair & Operations ("MRO") and Specialty Construction. Through approximately 270 branches and 44 distribution centers, in the U.S. and Canada, we serve these markets with an integrated go-to-market strategy. We have approximately 11,000 associates delivering localized, customer-tailored products, services and expertise. We serve approximately 500,000 customers, which include contractors, maintenance professionals, industrial businesses, and government entities. Our broad range of end-to-end product lines and services include approximately 650,000 stock-keeping units ("SKUs") of quality, name-brand and proprietary-brand products as well as value-add services supporting the entire lifecycle of a project from construction to maintenance, repair and operations.

**Description of segments**

We operate our Company through two reportable segments: Facilities Maintenance and Construction & Industrial.

**Facilities Maintenance.** Facilities Maintenance distributes MRO products, provides value-add services and fabricates custom products. The industries that Facilities Maintenance serves include multifamily, hospitality, healthcare and institutional facilities. Products include electrical and lighting items, plumbing, HVAC products, appliances, janitorial supplies, hardware, kitchen and bath cabinets, window coverings, textiles and guest amenities, healthcare maintenance and water and wastewater treatment products.

**Construction & Industrial.** Construction & Industrial distributes specialized hardware, tools and engineered materials to non-residential and residential contractors. Products include tilt-up brace systems, forming and shoring systems, concrete chemicals, hand and power tools, cutting tools, rebar, ladders, safety and fall arrest equipment, specialty screws and fasteners, sealants and adhesives, drainage pipe, geo-synthetics, erosion and sediment control equipment and other engineered materials used broadly across all types of non-residential and residential construction. Construction & Industrial also includes Home Improvement Solutions, which offers light remodeling and construction supplies, kitchen and bath cabinets, windows, plumbing materials, electrical equipment and other products, primarily to small remodeling contractors and trade professionals.

In addition to the reportable segments, the Company's consolidated financial results include Corporate. Corporate incurs costs related to the Company's centralized support functions, which are comprised of finance, information technology, human resources, legal, supply chain and other support services. All Corporate overhead costs are allocated to the reportable segments. Eliminations include the adjustments necessary to eliminate intercompany transactions.

**Acquisition**

We enter into strategic acquisitions to expand into new markets, new platforms, and new geographies in an effort to better service existing customers and attract new ones. In accordance with the acquisition method of accounting under Accounting Standards Codification ("ASC") 805, Business Combinations, the results of the acquisitions we completed are reflected in our consolidated financial statements from the date of acquisition forward.

On March 5, 2018, our Construction & Industrial business acquired A.H. Harris Construction Supplies ("A.H. Harris") for a purchase price of approximately \$362 million in cash. A.H. Harris is a leading specialty construction

## [Table of Contents](#)

distributor serving the northeast and mid-Atlantic regions. This acquisition expands Construction & Industrial's market presence in the northeastern United States. For additional detail related to the acquisition of A.H. Harris, see "Note 2, Acquisition," in the Notes to the Consolidated Financial Statements within Item 1 of this quarterly report on Form 10-Q.

During the second quarter of fiscal 2018 and the first six months of fiscal 2018, Construction & Industrial incurred approximately \$1 million and \$3 million of costs, respectively, related to the acquisition and integration of A.H. Harris. We expect to incur a total of \$8 million to \$10 million of acquisition and integration costs related to this acquisition during fiscal 2018.

### **Discontinued operations**

On August 1, 2017, the Company completed the sale of its Waterworks business. The presentation of discontinued operations includes revenues and expenses of the discontinued operations, net of tax, as one line item on the Consolidated Statements of Operations and Comprehensive Income (Loss). Prior periods presented have been revised to reflect this presentation. For additional detail related to the sale of the Waterworks business and the results of operations of discontinued operations, see "Note 3, Discontinued Operations," in the Notes to the Consolidated Financial Statements within Item 1 of this quarterly report on Form 10-Q.

### **Seasonality**

In a typical year, our operating results are impacted by seasonality. Historically, sales of our products have been higher in the second and third quarters of each fiscal year due to favorable weather and longer daylight conditions during these periods. Seasonal variations in operating results may also be significantly impacted by inclement weather conditions, such as cold or wet weather, which can delay construction projects.

### **Fiscal Year**

HD Supply's fiscal year is a 52- or 53-week period ending on the Sunday nearest to January 31. The fiscal year ending February 3, 2019 ("fiscal 2018") includes 53 weeks and the fiscal year ending January 29, 2018 ("fiscal 2017") includes 52 weeks. The three months ended July 29, 2018 ("second quarter 2018") and July 30, 2017 ("second quarter 2017") both include 13 weeks. The six months ended July 29, 2018 and July 30, 2017 both include 26 weeks.

### **Key business metrics**

#### ***Net sales***

We earn our Net sales primarily from the sale of construction, maintenance, repair and operations, and renovation and improvement-related products and our provision of related services to approximately 500,000 customers, including contractors, government entities, maintenance professionals, home builders and industrial businesses. We recognize sales, net of sales tax and allowances for returns and discounts, when an identified performance obligation is satisfied by transfer of the promised goods or services to the customer. Net sales in certain business units fluctuate with the price of commodities as we seek to minimize the effects of changing commodities prices by passing such increases in the prices of certain commodity-based products to our customers.

We ship products to customers by internal fleet and by third-party carriers. Net sales are recognized from product sales when control of the products and services are passed to the customer, which generally occurs at the point of destination.

We include shipping and handling fees billed to customers in Net sales. Shipping and handling costs associated with inbound freight are capitalized to inventories and relieved through Cost of sales as inventories are sold. We account for shipping and handling costs associated with outbound freight as a fulfillment cost. Such costs are included in Selling, general and administrative expenses.

#### ***Gross profit***

Gross profit primarily represents the difference between the product cost from our suppliers (net of earned rebates and discounts), including the cost of inbound freight and the sale price to our customers. The cost of outbound freight, purchasing, receiving and warehousing are included in Selling, general and administrative

[Table of Contents](#)

expenses within operating expenses. Our Gross profit may not be comparable to those of other companies, as other companies may include all of the costs related to their distribution networks in Cost of sales.

***Operating expenses***

Operating expenses are primarily comprised of Selling, general and administrative costs, which include payroll expenses (salaries, wages, employee benefits, payroll taxes and bonuses), outbound freight, rent, insurance, utilities, repair and maintenance and professional fees. In addition, operating expenses include depreciation and amortization and restructuring charges.

***Adjusted EBITDA and Adjusted net income***

Adjusted EBITDA and Adjusted net income are not recognized terms under generally accepted accounting principles in the United States of America (“GAAP”) and do not purport to be alternatives to Net income as a measure of operating performance. We present Adjusted EBITDA and Adjusted net income because each is a primary measure used by management to evaluate operating performance. In addition, we present Adjusted net income to measure our overall profitability as we believe it is an important measure of our performance. We believe the presentation of Adjusted EBITDA and Adjusted net income enhances our investors’ overall understanding of the financial performance of our business. We believe Adjusted EBITDA and Adjusted net income are helpful in highlighting operating trends, because each excludes the results of decisions that are outside the control of operating management and that can differ significantly from company to company depending on long-term strategic decisions regarding capital structure, the tax jurisdictions in which companies operate, age and book depreciation of facilities and capital investments.

Adjusted EBITDA is based on “Consolidated EBITDA,” a measure which is defined in HDS’s Senior Credit Facilities and used in calculating financial ratios in several material debt covenants. Borrowings under these facilities are a key source of liquidity and our ability to borrow under these facilities depends upon, among other things, our compliance with such financial ratio covenants. In particular, both facilities contain restrictive covenants that can restrict our activities if we do not maintain financial ratios calculated based on Consolidated EBITDA. Our Senior ABL Facility requires us to maintain a minimum fixed charge coverage ratio of 1:1 if our specified excess availability (including an amount by which our borrowing base exceeds the outstanding amounts) under the Senior ABL Facility falls below the greater of \$100 million and 10% of the lesser of (A) the Borrowing Base and (B) the Total Facility Commitment. Adjusted EBITDA is defined as Net income (loss) less Income from discontinued operations, net of tax, plus (i) Interest expense and Interest income, net, (ii) Provision for income taxes, (iii) Depreciation and amortization and further adjusted to exclude loss on extinguishment of debt, non-cash items and certain other adjustments to Consolidated Net Income, including costs associated with capital structure enhancements permitted in calculating Consolidated EBITDA under our Senior Credit Facilities. We believe that presenting Adjusted EBITDA is appropriate to provide additional information to investors about how the covenants in those agreements operate and about certain non-cash and other items. The Term Loan Facility and Senior ABL Facility permit us to make certain additional adjustments to Consolidated Net Income in calculating Consolidated EBITDA, such as projected net cost savings, which are not reflected in the Adjusted EBITDA data presented in this quarterly report on Form 10-Q. We may in the future reflect such permitted adjustments in our calculations of Adjusted EBITDA. These covenants are important to the Company as failure to comply with certain covenants would result in a default under our Senior Credit Facilities. The material covenants in our Senior Credit Facilities are discussed in our annual report on Form 10-K for the fiscal year ended January 28, 2018.

Adjusted net income is defined as Net income less Income from discontinued operations, net of tax, further adjusted for loss on extinguishment of debt and certain non-cash, non-recurring, non-operational, or unusual items, net of tax.

We believe that Adjusted EBITDA and Adjusted net income are frequently used by securities analysts, investors and other interested parties in their evaluation of companies, many of which present an Adjusted EBITDA or Adjusted net income measure when reporting their results. We compensate for the limitations of using non-GAAP financial measures by using them to supplement GAAP results to provide a more complete understanding of the factors and trends affecting the business than GAAP results alone. Because not all companies use identical calculations, our presentation of Adjusted EBITDA and Adjusted net income may not be comparable to other similarly titled measures of other companies.

[Table of Contents](#)

Adjusted EBITDA and Adjusted net income have limitations as analytical tools and should not be considered in isolation or as substitutes for analyzing our results as reported under GAAP. Some of these limitations are:

- Adjusted EBITDA and Adjusted net income do not reflect changes in, or cash requirements for, our working capital needs;
- Adjusted EBITDA does not reflect our interest expense, or the requirements necessary to service interest or principal payments on our debt;
- Adjusted EBITDA does not reflect our income tax expenses or the cash requirements to pay our taxes;
- Adjusted EBITDA and Adjusted net income do not reflect historical cash expenditures or future requirements for capital expenditures or contractual commitments; and
- although depreciation and amortization charges are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and Adjusted EBITDA does not reflect any cash requirements for such replacements.

The following table presents a reconciliation of Net income and Income from continuing operations, the most directly comparable financial measures under GAAP, to Adjusted EBITDA for the periods presented (amounts in millions):

*Highlights*

Net sales in second quarter 2018 increased \$248 million, or 18.3%, as compared to second quarter 2017. Operating income in second quarter 2018 increased \$31 million, or 17.2%, as compared to second quarter 2017. Net income in second quarter 2018 decreased \$311 million to \$131 million as compared to second quarter 2017 due primarily to a \$360 million decrease in Income from discontinued operations, net of tax. Adjusted EBITDA in second quarter 2018 increased \$38 million, or 18.3%, as compared to second quarter 2017. Adjusted net income in second quarter 2018 increased \$55 million, or 43.3%, as compared to second quarter 2017 due primarily to growth in operations, and, to a lesser extent, a decline in interest expense as a result of lower outstanding debt balances. As of July 29, 2018, our total liquidity was \$1.1 billion. See “Liquidity and Capital Resources — External Financing” of this Item 2 of this quarterly report on Form 10-Q for further information.

In connection with presenting the Waterworks business unit as a discontinued operation in the second quarter of fiscal 2017, a net deferred tax asset of \$323 million and a corresponding income tax benefit for the difference in the Company’s stock basis versus its book carrying value of the Waterworks subsidiary was recorded in the second quarter of fiscal 2017. The income tax benefit was reflected within Income from discontinued operations, net of tax.

As a result of the sale of the Waterworks business in fiscal 2017, management evaluated the Company’s talent alignment and functional support strategies. Consequently, during the second half of fiscal 2017, management initiated a restructuring plan that included reducing workforce personnel and realigning talent. In addition, the Company relocated its corporate headquarters. Management completed the activities under this plan during second quarter 2018, resulting in a total of \$15 million in charges incurred during fiscal 2017 and fiscal 2018. Management expects a payback of the employee-related costs via a reduction in personnel costs over the next one to two years.

## [Table of Contents](#)

During the three months ended July 29, 2018, our activities under this restructuring plan resulted in restructuring charges of \$2 million. For additional information, see “Note 9, Restructuring Activities,” in the Notes to the Consolidated Financial Statements within Item 1 of this quarterly report on Form 10-Q.

### *Net sales*

Net sales in second quarter 2018 increased \$248 million, or 18.3%, compared to second quarter 2017 and \$421 million, or 16.4%, in the first six months of fiscal 2018 as compared to the same period in fiscal 2017.

Both of our reportable segments delivered an increase in Net sales in second quarter 2018 and in the first six months of fiscal 2018 as compared to the same periods in fiscal 2017. The Net sales increases were primarily due to increases in market volume and growth initiatives at each of our businesses and the acquisition of A.H. Harris by Construction & Industrial. Growth initiatives contributed approximately \$86 million and \$157 million in second quarter 2018 and the first six months of fiscal 2018, respectively. Organic sales growth was \$137 million, or 10.1% for second quarter 2018 as compared to second quarter 2017 and \$257 million, or 10.0% for the first six months of fiscal 2018 as compared to the same period in fiscal 2017.

### *Gross profit*

Gross profit increased \$83 million, or 15.4%, during second quarter 2018 as compared to second quarter 2017 and \$151 million, or 14.8%, during the first six months of fiscal 2018 as compared to the same period in fiscal 2017.

Both of our reportable segments delivered an increase in Gross profit in both periods primarily due to sales growth from increased market volume and initiatives.

Gross profit as a percentage of Net sales (“gross margin”) decreased approximately 100 basis points to 38.9% in second quarter 2018 as compared to 39.9% in second quarter 2017 and approximately 50 basis points to 39.3% in the first six months of fiscal 2018 as compared to 39.8% in the same period in fiscal 2017. The acquisition of A.H. Harris contributed to the decline in gross margin in both periods, negatively impacting gross margin by approximately 40 basis points in second quarter 2018 as compared to second quarter 2017 and 30 basis points in the first six months of fiscal 2018 as compared to the same period in fiscal 2017. Second quarter 2018 was also negatively impacted by the lower margin Construction & Industrial business growing Net sales organically at 14.7% and 14.6% in second quarter 2018 and the first six months of fiscal 2018, respectively, compared to Facilities Maintenance Net sales growth rates of 6.6% and 6.3% in second quarter 2018 and the first six months of fiscal 2018, respectively.

### *Operating expenses*

Operating expenses increased \$52 million, or 14.5%, during second quarter 2018 as compared to second quarter 2017 and \$98 million, or 13.7%, in the first six months of fiscal 2018 as compared to the same period in fiscal 2017.

Selling, general and administrative expenses increased \$46 million, or 13.6%, in second quarter 2018 as compared to second quarter 2017 and \$84 million, or 12.5%, in the first six months of fiscal 2018 as compared to the same period in fiscal 2017. The increase in both periods was primarily a result of the acquisition of A.H. Harris, increases in variable expenses due to higher sales volume and increased investments in growth initiatives, primarily additional personnel.

Operating expenses as a percentage of Net sales decreased approximately 90 basis points to 25.7%, in second quarter 2018 as compared to second quarter 2017 and approximately 60 basis points to 27.2%, in the first six months of fiscal 2018 as compared to the same period in fiscal 2017. Selling, general and administrative expenses as a percentage of Net sales, decreased approximately 100 basis points to 24.0% in second quarter 2018 as compared to second quarter 2017 and approximately 90 basis points to 25.3% in the first six months of fiscal 2018 as compared to the same period in fiscal 2017. The decrease in both periods was primarily a result of the leverage of fixed costs through sales volume increases, partially offset by increased investments in growth initiatives.

### *Operating income*

Operating income increased \$31 million, or 17.2%, during second quarter 2018 as compared to second quarter 2017 and \$53 million or 17.2% in the first six months of fiscal 2018 as compared to the same period in fiscal 2017. The increase in both periods was primarily due to higher sales volume, including the acquisition of A.H. Harris, partially offset by the decrease in gross margin and increase in operating expenses.

## [Table of Contents](#)

Operating income as a percentage of Net sales decreased approximately 10 basis points to 13.2% during second quarter 2018 as compared to second quarter 2017 and increased approximately 10 basis points to 12.1% during the first six months of fiscal 2018 as compared to the same period in fiscal 2017. The decrease in second quarter 2018 was primarily due to the decline in gross margins and increase in restructuring costs offset by the decrease in Selling, general and administrative expenses as a percentage of Net sales. The increase in the first six months of fiscal 2018 was primarily due to the decrease in Selling, general and administrative expenses as a percentage of Net sales offset by the increase in restructuring costs and the decline in gross margins.

### *Interest expense*

Interest expense decreased \$14 million, or 28.6%, during second quarter 2018 as compared to second quarter 2017 and \$29 million, or 29.6%, during the first six months of fiscal 2018 as compared to the same period in fiscal 2017. The decrease in both periods was due to a lower outstanding balance as a result of using proceeds from the sale of a business to reduce indebtedness, partially offset by an increase in the average effective interest rate due to an increase in non-cash amortization of deferred financing costs.

### *Provision for income taxes*

The provision for income taxes during the period is calculated by applying an estimated annual tax rate for the full fiscal year to pre-tax income for the reported period plus or minus unusual or infrequent discrete items occurring within the period. The Company's income tax provision recorded in interim periods can move from an income tax provision to income tax benefit (and vice versa) in situations in which the Company is experiencing changes between interim pre-tax income to pre-tax loss (and vice versa). The provision for income taxes from continuing operations in second quarter 2018 was \$46 million compared to \$50 million in second quarter 2017. The provision for income taxes in the first six months of fiscal 2018 was \$75 million compared to \$69 million in the first six months of fiscal 2017.

On December 22, 2017, the Tax Cuts and Jobs Act of 2017 (the "Tax Act") was signed into law making significant changes to the Internal Revenue Code. The Tax Act significantly lowered the Company's federal statutory rate from 35% to 21%.

The effective rate for continuing operations for second quarter 2018 and the first six months of fiscal 2018 was 26.1% and 25.5%, respectively. The effective rate for continuing operations for second quarter 2017 and the first six months of fiscal 2017 was 38.2% and 33.2%, respectively. The effective rate in the second quarter 2017 and the first six months of fiscal 2017 was lowered by approximately 80 basis points and 580 basis points, respectively, due to the exercise and vesting of stock-based awards.

We regularly assess the realization of our net deferred tax assets and the need for any valuation allowance. This assessment requires management to make judgments about the benefits that could be realized from future taxable income, as well as other positive and negative factors influencing the realization of deferred tax assets. As of July 29, 2018 and January 29, 2018, the Company's valuation allowance on its U.S. deferred tax assets was approximately \$7 million.

### *Adjusted EBITDA*

Adjusted EBITDA increased \$38 million, or 18.3%, in second quarter 2018 as compared to second quarter 2017 and \$71 million, or 19.5%, in the first six months of fiscal 2018 as compared to the same period in fiscal 2017. Both of our reportable segments generated an increase in Adjusted EBITDA for second quarter 2018 as compared to second quarter 2017 and the first six months of fiscal 2018 as compared to the same period in fiscal 2017.

The increase in Adjusted EBITDA in both periods was primarily due to the increase in sales volume, partially offset by the increase in Operating expenses. Adjusted EBITDA as a percentage of Net sales was flat at 15.4% in second quarter 2018 as compared to second quarter 2017 and increased approximately 40 basis points to 14.6% in the first six months of fiscal 2018 as compared to the same period in fiscal 2017. The decline in gross margin and increased investments in growth initiatives in the second quarter 2018 as compared to second quarter 2017 was offset by the leverage of fixed costs through sales volume increases. The increase in the first six months of fiscal 2018 was primarily due to the leverage of fixed costs through sales volume increases, partially offset by increased investments in growth initiatives and decline in gross margin.

*Adjusted net income*

Adjusted net income increased \$55 million, or 43.3%, in second quarter 2018 as compared to second quarter 2017 and \$105 million, or 50.7%, in the first six months of fiscal 2018 as compared to the same period in fiscal 2017. The increase in Adjusted net income in both periods was attributable to growth in operations and lower interest expense.

*Net Sales*

Net sales increased \$51 million, or 6.6%, in second quarter 2018 as compared to second quarter 2017 and \$92 million, or 6.3%, in the first six months of fiscal 2018 as compared to the same period in fiscal 2017.

The increase in Net sales in both periods was primarily due to growth in the multifamily and hospitality industries and growth initiatives. These growth initiatives consist of investments in personnel, products, and technology aligned with our selling channels, such as our sales force, e-commerce site and mobile applications, and our enabling functions, such as supply chain and data analytics.

*Adjusted EBITDA*

Adjusted EBITDA increased \$5 million, or 3.4%, in second quarter 2018 as compared to second quarter 2017 and \$20 million, or 7.9%, in the first six months of fiscal 2018 as compared to the same period in fiscal 2017.

The increase in Adjusted EBITDA in both periods was primarily due to increased sales volume, partially offset by increased Selling, general and administrative expenses due to growth initiatives.

Adjusted EBITDA as a percentage of Net sales decreased approximately 60 basis points in second quarter 2018 as compared to second quarter 2017 and increased approximately 30 basis points in the first six months of fiscal 2018 as compared to the same period in fiscal 2017. The decrease in second quarter 2018 as compared to second quarter 2017 was primarily driven by a decline in gross margin of 50 basis points and an increase in Selling, general and administrative expenses due to growth initiatives. The decline in gross margin was driven by higher sales growth in the Property Improvement business and HVAC sales, both of which grew approximately 10% in the second quarter of fiscal 2018 after a slow start in the first quarter of fiscal 2018 due to a cool start to the spring season. The Property Improvement business and HVAC sales are lower margin than the average for Facilities Maintenance. The increase in the first six months of fiscal 2018 as compared to the same period in fiscal 2017 was primarily driven by improvement in gross margin of 30 basis points, partially offset by an increase in Selling, general and administrative expenses due to growth initiatives.

*Net Sales*

Net sales increased \$197 million, or 33.7%, in second quarter 2018 as compared to second quarter 2017 and \$327 million, or 29.2%, in the first six months of fiscal 2018 as compared to the same period in fiscal 2017. On an organic basis, excluding the sales of recently acquired A.H. Harris, sales growth was approximately 14.7% for second quarter 2018 as compared to second quarter 2017 and approximately 14.6% for the first six months of fiscal 2018 as compared to the same period in fiscal 2017.

Growth initiatives contributed to the increase in Net sales in both periods driven by our Managed Sales Approach (“MSA”), new locations, and direct marketing initiatives. MSA is a structured approach to drive revenue at a regional level through analysis, tools and sales management. Net sales was positively impacted by end-market improvements in both non-residential and residential housing markets.

*Adjusted EBITDA*

Adjusted EBITDA increased \$33 million, or 52.4%, in second quarter 2018 as compared to second quarter 2017 and \$51 million, or 45.5%, in the first six months of fiscal 2018 as compared to the same period in fiscal 2017.

The increase in Adjusted EBITDA in both periods was primarily driven by growth initiatives and market volume. This increase was partially offset by lower rebar margins and increased Selling, general and administrative costs related to variable expenses and the hiring of additional associates to support the expanding business and drive future growth.

Adjusted EBITDA as a percentage of Net sales increased approximately 150 basis points in second quarter 2018 as compared to second quarter 2017 and approximately 130 basis points in the first six months of fiscal 2018 as compared to the same period in fiscal 2017. The increase in both periods was driven by a decrease in Selling, general and administrative expenses as a percentage of Net sales due to the leverage of fixed costs through sales volume increases, partially offset by decreasing rebar margins and a greater increase in sales to large construction jobs as compared to the increase in sales to small construction jobs — sales to larger, bid-based construction jobs tend to have slightly lower margins than sales to smaller construction jobs. Rebar gross margin rates are declining due to an increase in steel costs impacted by tariffs and duties. We have increased our pricing of rebar to recover the increase in rebar costs, but not enough to maintain our gross margin rate, negatively affecting our overall margin rate by approximately 40 basis points in both second quarter 2018 as compared to second quarter 2017 and the first six months of fiscal 2018 as compared to the same period in fiscal 2017. Additionally, the acquisition of A.H. Harris negatively impacted gross margin by approximately 30 basis points in second quarter 2018 as compared to second quarter 2017 and 20 basis points in the first six months of fiscal 2018 as compared to the same period in fiscal 2017.

**Liquidity and capital resources**

**Sources and uses of cash**

Our sources of funds, primarily from operations, cash on-hand, and, to the extent necessary, from readily available external financing arrangements, are sufficient to meet all current obligations on a timely basis. We believe

[Table of Contents](#)

that these sources of funds will be sufficient to meet the operating needs of our business for at least the next twelve months.

During the first six months of fiscal 2018, the Company's use of cash was primarily driven by the payment for business acquired, in addition to the payment of interest on debt, capital expenditures and purchases of treasury shares. These uses were partially offset by cash provided by operations.

As of July 29, 2018, our combined liquidity of approximately \$1,061 million was comprised of \$228 million in cash and cash equivalents and \$833 million of additional available borrowings (excluding \$134 million of borrowings on available cash balances) under our Senior ABL Facility, based on qualifying inventory and receivables.

Information about the Company's cash flows, by category, is presented in the Consolidated Statements of Cash Flows and is summarized as follows:

**Net cash provided by (used for):**

Amounts in millions	Six Months Ended		Increase (Decrease)
	July 29, 2018	July 30, 2017	
Operating activities	\$ 186	\$ 189	\$ (3)
Investing activities	(409)	(41)	(368)
Financing activities	(107)	(156)	49

*Working capital*

Working capital, excluding cash and cash equivalents, was \$851 million as of July 29, 2018, decreasing \$223 million as compared to \$1,074 million as of July 30, 2017. Working capital, excluding the impact of discontinued operations and cash and cash equivalents increased \$175 million. The increase was primarily driven by business growth and the acquired capital of A.H. Harris, resulting in increases in Receivables and Inventory, partially offset by increases in Accounts Payable, as well as an increase in Other current liabilities for the corporate headquarters financing liability.

*Operating activities*

During the first six months of fiscal 2018, cash provided by operating activities was \$186 million compared to \$189 million in the first six months of fiscal 2017. Cash interest paid in the first six months of fiscal 2018 was \$61 million, compared to \$92 million in the first six months of fiscal 2017. Cash flows from operating activities included a payment of \$4 million of original issue discount related to the extinguishment of a portion of the Term Loans in the first six months of fiscal 2017. Cash flows provided by operating activities for discontinued operations were zero and \$17 million during the first six months of fiscal 2018 and the first six months of fiscal 2017, respectively. Excluding the cash interest payments in both periods and original issue discounts paid, cash flows from operating activities for continuing operations decreased approximately \$21 million in the first six months of fiscal 2018 as compared to the first six months of fiscal 2017. The decrease in operating cash flows excluding interest, original issue discount, and discontinued operations is attributable to investments in working capital for business growth partially offset by growth in earnings of continuing operations.

*Investing activities*

During the first six months of fiscal 2018, cash used by investing activities was \$409 million, comprised of \$362 million for the acquisition of A.H. Harris and \$47 million of capital expenditures. During the first six months of fiscal 2017, cash used by investing activities was \$41 million, comprised of \$43 million of capital expenditures, partially offset by \$2 million of cash received from the sales of property and equipment.

*Financing activities*

During the first six months of fiscal 2018, cash used in financing activities was \$107 million, primarily due to purchases of treasury shares of \$93 million, tax withholdings on stock-based awards of \$6 million, and net debt repayments of \$11 million, partially offset by proceeds from employee stock option exercises of \$6 million.

## [Table of Contents](#)

During the first six months of fiscal 2017, cash used in financing activities was \$156 million, primarily due to purchases of treasury shares of \$414 million and payments for debt issuance costs of \$6 million, offset by net debt borrowings of \$235 million and proceeds from employee stock option exercises of \$29 million.

### **External financing**

As of July 29, 2018, we had an aggregate principal amount of \$2,098 million of outstanding indebtedness, net of unamortized discounts and unamortized deferred financing costs of \$5 million and \$19 million, respectively, and \$924 million of additional available borrowings under our Senior ABL Facility (after giving effect to the borrowing base limitations and approximately \$27 million in letters of credit issued and including \$134 million of borrowings available on qualifying cash balances). From time to time, depending on market conditions and other factors, the Company may seek to repay, redeem, repurchase or otherwise acquire or refinance all or a portion of our indebtedness. We may make such repurchases in privately negotiated transactions or otherwise.

For additional information, see “Note 4, Debt,” in the Notes to the Consolidated Financial Statements within Item 1 of this quarterly report on Form 10-Q.

### **Rating agency actions**

In July 2018, Moody’s Investor’s Service (“Moody’s”) upgraded HDS’s Corporate Family Rating to Ba2 from Ba3 and its Probability of Default Rating to Ba2-PD from Ba3-PD. Moody’s cited projected financial performance and resulting key debt credit metrics improving over the next 12 to 18 months. In related ratings actions, Moody’s upgraded HDS’s Term B-3 Loans and Term B-4 Loans to Ba2 from Ba3, and its April 2016 Senior Unsecured Notes to Ba3 from B2. Moody’s also affirmed HDS’s SGL-1 Speculative Grade Liquidity Rating and its rating outlook remains stable.

In April 2018, Standard & Poor’s Global Ratings (“S&P”) upgraded HDS’s Corporate Family Rating from BB Stable to BB+ Stable, the Term B-3 Loans and Term B-4 Loans from BB+ to BBB- and the April 2016 Senior Unsecured Notes from B+ to BB-. Additionally, S&P affirmed its rating of the Senior ABL Facility as BBB-. S&P cited HDS’s improved operating performance and credit metrics as rationale for the upgrades. S&P affirmed its ratings outlook as stable.

### **Critical accounting policies**

Our condensed consolidated financial statements have been prepared in accordance with GAAP. Preparation of these statements requires management to make judgments and estimates. Some accounting policies have a significant impact on amounts reported in these consolidated financial statements. The Company’s critical accounting policies have not changed from those reported in Management’s Discussion and Analysis of Financial Condition and Results of Operations in our Form 10-K for the fiscal year ended January 28, 2018, except for those related to the adoption of ASC 606, Revenue from Contracts with Customers. See “Note 13, Revenue” in the Notes to the Consolidated Financial Statements within Item 1 of this quarterly report on Form 10-Q for further information.

### **Recent accounting pronouncements**

See “Note 14 — Recent Accounting Pronouncements” in the Notes to the Consolidated Financial Statements within Item 1 of this quarterly report on Form 10-Q.

### **Item 3. Quantitative and Qualitative Disclosures about Market Risk**

We are exposed to market risk associated with changes in interest rates, foreign currency exchange rate fluctuations and certain commodity prices. To reduce these risks, we selectively use financial instruments and other proactive management techniques. We do not use financial instruments for trading purposes or speculation. There have been no material changes in our market risk exposures as compared to those discussed in our annual report on Form 10-K for the fiscal year ended January 28, 2018.

### **Item 4. Controls and Procedures**

#### **(a) Evaluation of disclosure controls and procedures**

##### ***HD Supply Holdings, Inc.***

Under the supervision and with the participation of our management, including the Chief Executive Officer and Chief Financial Officer of HD Supply Holdings, Inc., we have evaluated the effectiveness of our disclosure controls and procedures as required by Exchange Act Rule 13a-15(b) as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that the HD Supply Holdings, Inc. disclosure controls and procedures were effective as of July 29, 2018 (the end of the period covered by this report).

##### ***HD Supply, Inc.***

Under the supervision and with the participation of our management, including the Chief Executive Officer and Chief Financial Officer of HD Supply, Inc., we have evaluated the effectiveness of our disclosure controls and procedures as required by Exchange Act Rule 13a-15(b) as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that the HD Supply, Inc. disclosure controls and procedures were effective as of July 29, 2018 (the end of the period covered by this report).

#### **(b) Changes in internal control**

There were no changes in Holdings' or HDS's internal control over financial reporting, as defined in the Exchange Act Rules 13a-15(f) or 15d-15(f), during the second quarter of fiscal 2018 that have materially affected, or are reasonably likely to materially affect, Holdings' or HDS's internal control over financial reporting.

## **PART II — OTHER INFORMATION**

### **Item 1. Legal Proceedings**

On July 10, 2017 and August 8, 2017, shareholders filed putative class action complaints in the U.S. District Court for the Northern District of Georgia, alleging that HD Supply and certain senior members of its management (collectively, the "defendants") made certain false or misleading public statements in violation of the federal securities laws between November 9, 2016 and June 5, 2017, inclusive (the "original securities complaints"). Subsequently, the two securities cases were consolidated, and, on November 16, 2017, the lead plaintiffs appointed by the Court filed a Consolidated Amended Class Action Complaint (the "Amended Complaint") against the defendants on behalf of all persons other than defendants who purchased or otherwise acquired the Company's common stock between November 9, 2016 and June 5, 2017, inclusive. The Amended Complaint alleges that defendants made certain false or misleading public statements, primarily relating to the Company's progress in addressing certain supply chain disruption issues encountered in the Company's Facilities Maintenance business unit. The Amended Complaint asserts claims against the defendants under Sections 10(b) and 20(a) of the Securities Exchange Act of 1934 and SEC Rule 10b-5, and seeks class certification under the Federal Rules of Civil Procedure, as well as unspecified monetary damages, pre-judgment and post-judgment interest, and attorneys' fees and other costs. Defendants moved to dismiss the Consolidated Amended Complaint in December 2017. That motion is pending.

On August 8, 2017, two shareholder derivative complaints were filed naming the Company as a "nominal defendant" and certain members of its senior management and board of directors (collectively, the "individual defendants") as defendants. The complaints generally allege that the individual defendants caused the Company to issue false and misleading statements concerning the Company's business, operations, and financial prospects,

## [Table of Contents](#)

including misrepresentations regarding operating leverage and supply chain corrective actions. The complaints assert claims against the individual defendants under Section 14(a) of the Securities Exchange Act of 1934, and allege breaches of fiduciary duties, unjust enrichment, corporate waste, and insider selling. The complaints assert a claim to recover any damages sustained by the Company as a result of the individual defendants' allegedly wrongful actions, seek certain actions by the Company to modify its corporate governance and internal procedures, and seek to recover attorneys' fees and other costs. In October 2017, the Court consolidated the two derivative actions and granted the parties' joint scheduling order request. On December 5, 2017, the Court entered an order staying all activity in the case until a ruling is issued on the motion to dismiss filed in the consolidated securities litigation described above.

On August 29, 2018, a shareholder derivative complaint was filed in Delaware Chancery Court naming the Company as a "nominal defendant" and certain members of its senior management and board of directors (collectively, the "individual defendants") as defendants. The complaint generally alleges that the individual defendants caused the Company to issue false and misleading statements concerning the Company's business, operations, and financial prospects, including misrepresentations regarding supply chain corrective actions. The complaint asserts various common law breach of fiduciary duty claims against the individual defendants and claims of unjust enrichment and insider selling. The complaint seeks to recover any damages sustained by the Company as a result of the individual defendants' allegedly wrongful actions, seeks certain actions by the Company to modify its corporate governance and internal procedures, and seeks to recover attorneys' fees and other costs.

The Company intends to defend these lawsuits vigorously. Given the stage of the complaints and the claims and issues presented in the above matters, the Company cannot reasonably estimate at this time the possible loss or range of loss, if any, that may arise from these unresolved lawsuits.

HD Supply is involved in various legal proceedings arising in the normal course of its business. The Company establishes reserves for litigation and similar matters when those matters present loss contingencies that it determines to be both probable and reasonably estimable in accordance with ASC 450, "Contingencies." In the opinion of management, based on current knowledge, all reasonably estimable and probable matters are believed to be adequately reserved for or covered by insurance and are not expected to have a material adverse effect on the Company's consolidated financial condition, results of operations or cash flows. For all other matters management believes the possibility of losses from such matters is not probable, the potential loss from such matters is not reasonably estimable, or such matters are of such kind or involve such amounts that would not have a material adverse effect on the consolidated financial position, results of operations or cash flows of the Company if disposed of unfavorably. For material matters that are reasonably possible and reasonably estimable, including matters that are probable and estimable but for which the amount that is reasonably possible is in excess of the amount that the Company has accrued for, management has estimated the aggregate range of potential loss as \$0 to \$10 million. If a material loss is probable or reasonably possible, and in either case estimable, the Company has considered it in the analysis and it is included in the discussion set forth above.

### **Item 1A. Risk Factors**

We discuss in our filings with the SEC various risks that may materially affect our business. There have been no material changes to the risk factors disclosed in our annual report on Form 10-K, for the fiscal year ended January 28, 2018.

The materialization of any risks and uncertainties identified in forward-looking statements contained in this report together with those previously disclosed in our annual report on Form 10-K for the fiscal year ended January 28, 2018 and our and HDS's other filings with the SEC or those that are presently unforeseen could result in significant adverse effects on our financial condition, results of operations and cash flows. See "Forward-looking statements and information" at the beginning of this report.

**Item 2. Unregistered Sales of Equity Securities and Use of Proceeds**

(c) Purchases of Equity Securities

On August 25, 2017, Holdings' Board of Directors authorized the Company to enter into a share repurchase program for the repurchase of up to an aggregate amount of \$500 million of Holdings' common stock in accordance with guidelines specified under Rule 10b5-1 of the Securities Exchange Act of 1934, as amended. Under this plan, Holdings purchased approximately 2.3 million shares for approximately \$88 million during the six months ended July 29, 2018.

In fiscal 2014, Holdings' Board of Directors authorized a share repurchase program to be funded from cash proceeds received from exercises of employee stock options, as was disclosed in our annual report on Form 10-K filed on March 24, 2015. This share repurchase program does not obligate Holdings to acquire any particular amount of common stock, and it may be terminated at any time at Holdings' discretion.

Under both plans, Holdings repurchased approximately 2.4 million shares of its common stock for approximately \$93 million during the six months ended July 29, 2018.

Issuer Purchases of Equity Securities in each fiscal month of the second quarter of fiscal 2018 are set forth in the table below:

**ISSUER PURCHASES OF EQUITY SECURITIES**

<b>Period</b>	<b>Total Number of Shares Purchased</b>	<b>Average Price Paid per Share</b>	<b>Total Number of Shares Purchased as Part of a Publicly Announced Program</b>	<b>Approximate Dollar Value of Shares that May Yet Be Purchased Under the Plans or Programs(1)</b>
April 30 – May 27	475,483	\$ 39.04	475,483	\$ 374,250,300
May 28 – June 24	49,821	41.42	49,821	373,982,776
June 25 – July 29	94,306	43.57	94,306	372,744,314(2)
Total	619,610	\$ 39.92	619,610	

(1) The total dollar value of shares that may yet be purchased increases by the amount of cash proceeds received from the exercise of employee stock options as they occur.

(2) As of July 29, 2018, the approximate dollar value of shares that may yet be repurchased under the plans or programs is comprised of approximately \$372 million related to the \$500 million share repurchase program authorized in August 2017 and approximately \$1 million related to cash proceeds received from exercises of employee stock options.
